

MOTOR CARRIER MEMBERSHIP

BENEFITS

The Washington Trucking Associations (WTA) has served as the voice of the trucking industry in Washington state since 1922. WTA is supported by member companies who range in size from small, single truck operators to Fortune 500 companies, as well as the businesses that provide them with products and services.

Our members play a key role in deciding what issues we focus on and allow us to keep doing what we do best – helping to make Washington a great state to own and operate a business.

WTA offers your company the ability to network with the best trucking companies and logistics providers the Northwest has to offer. Our calendar of events allows you to interact with members throughout Washington state and the Pacific Northwest.

Ongoing safety training provided through NATMI and WTA's Safety Management Council keeps the industry updated with federal guidance and changes on a state level.

WTA members can save money and improve workplace safety with the WTA Retro program. This is a great opportunity for qualifying companies to earn partial refunds on workers' compensation premiums based on your safety performance.

Members have access to unique sponsorship opportunities at all WTA events and are fully customizable, allowing members to maximize their ROI and visibility within the association.

WTA represents you and the industry at the state and federal level. Our affiliation with the American Trucking Association gives you greater access to information and programs beyond state borders. The problems the industry faces are too far reaching and intricate to be grappled with by any single firm. WTA membership means you have a competent, respected voice to express viewpoints and represent the industry.

Members can stay up to date on industry news, trends and advocacy efforts through our member-only email alerts, publications, annual reports and social media.
